

HOMEOWNER PROTECTION  
PROGRAM FUNDING CAMPAIGN

**In this time of crisis, home is more vital than ever.**

# **Fund the Homeowner Protection Program today.**

Help New Yorkers to continue to shelter in place during the COVID-19 pandemic.

NYS COVID-19 relief packages must include direct assistance for homeowners to avoid a tragic repetition of the failures of the 2008 housing crash.

Federal forbearance, foreclosure moratoria, and unemployment insurance have kept

many homeowners afloat—but without action, foreclosures will spike as these policies expire.

Please ask your leaders to make HOPP funding a priority, and ask Governor Cuomo to include \$20M in the Executive Budget.
